PROFIL & OBJECTIVES

Soon to graduate from Montpellier Business School with a Master's in Sustainable Finance, currently preparing for the CFA Level I exam. Passionate about financial markets, I bring hands-on experience in asset management and financial analysis through roles at AXA Investment Managers and Acwa Power. My goal is to contribute effectively to front-office teams by leveraging my analytical skills, adaptability, and fast learning. With a cross-functional background in finance, data analysis, and strategic thinking, I am eager to grow in a dynamic environment and take on challenges related to the financial and economic transition.
